Drug Activity

In August 2005, A Lafayette Police Officer Pulled Over Bagsby For Turn Signal And Seatbelt Infractions, And A Detection Dog Found Marijuana Residue In The Vehicle. Bagsby, Who "Had Prior Drug History In RMS (Records Management Systems)," Was Ticketed For The Seatbelt Infraction And Instructed To Clean The Marijuana Residue Out Of His Vehicle.

Narrative: On the above date and time, I observed the above stated vehicle make a right turn off of 14th st. onto Cincinnati st. without using its turn signal. I further noticed that the driver of the vehicle was not wearing his seatbelt. I initiated a traffic stop on the car. The driver identified himself by IN DL as Richard Bagsby. The passenger verbally identified himself as Larry Boatwright. I observed that Bagsby had prior drug history in RMS. Deputy Hainje and his K9 partner arrived on scene to assist. Bagsby and Boatwright were removed from the vehicle and patted down for officer safety purposes. Deputy Hainje and the K9 did a walk around of the vehicle. Deputy Hainje advised that his K9 had alerted to the presence of a narcotic odor coming from the car. Myself and Deputy Hainje then searched the car and Deputy Hainje located a small amount of marijuana "shake" on the passenger floorboard and seat. There was not enough marijuana to collect or properly test. No other contraband was located. I issued Bagsby a ticket for the seatbelt violation (H058222, 10-3-05 at 8am). Bagsby stated that he understood the ticket. He was given a verbal warning for failure to signal. Bagsby was advised to clean the marijuana residue out of his vehicle.

NARRATIVE:

This report was generated as a result of field observations during uniformed patrol in a marked police vehicle.

At the above date and time I, Officer ML Brown #340, was patrolling the area of 1100 Brown St. I saw a maroon 1993 Oldsmobile Cutlass pulled over in front of 1106 Brown St. The vehicle was running and a white female was sitting behind the wheel. There has been a history of drug law violations at this address and it is not uncommon for a driver and vehicle to be waiting outside for the subject buying drugs inside. Based on these circumstances, I believed that is what was happening at that time.

I pulled down the street and parked my vehicle in an inconspicuous position so that I could see the suspect vehicle, but I would not be easily seen by anyone else. After only a short time (1-2 minutes) I saw three black males exit 1106 Brown St and enter the vehicle. The vehicle then drove westbound on Brown St.

I caught up to the vehicle as it signaled to turn southbound onto 9th St. When I got behind the vehicle, it changed it's signal indicating it was going to turn northbound on 9th St. I noted that the license plate lamp on the vehicle was defective, making it difficult to see the license plate number.

I followed the vehicle as it turned northbound on 9th St, then activated my overhead lights to stop the vehicle for the license plate lamp violation. The vehicle yielded on Union St, just east of 9th St. I approached on foot and met with the driver, Erin Koch. I obtained ID from Koch and the three male occupants in the vehicle. Records checks revealed that the front seat passenger, Aaron Bagsby, had a previous arrest record for dealing Marijuana. Based on the fact that I suspect the occupants were visiting a drug house and that one of the occupants had a previous arrest for dealing Marijuana, I called for a K9 Officer to respond.

Officer Domkowski responded with his partner Kwando. I had each of the occupants step out of the vehicle and patted each of them down. Nothing was found during the patdowns, however, it is notable that Aaron Bagsby removed his coat while he was still in the vehicle, even though it should have been obvious that he was going to have to step out of the vehicle into the cold.

Officer Domkowski and I then conducted a search of the vehicle based on the probable cause established by Kwando's alert. Officer Domkowski located some shake (small bits of marijuana) in the glove compartment. There was insufficient quantity of shake to seize so nobody was arrested. I located a black Daisy Powerline BB gun in Aarons right front jacket pocket. This was the same jacket that I saw Aaron remove prior to getting out of the vehicle. The BB gun was designed to look like a short-barrel colt pistol. There were no orange markings indicating it was not real. The BB gun was unloaded and did not contain a CO2 cartridge, making it inoperable.

I asked each of the occupants independently, the purpose of Aaron possessing the gun. Aaron told me that he has

owned the gun since he was a child and that it had been stored at his mothers' house until tonight. Aaron further stated that he had picked up the gun tonight just to transport it to his own home. Richard Babsby said that he had given the gun to Aaron for his birthday just four or five days ago. When I inquired as to the extensive wear and tear on the gun, Richard said that it had fallen out of a window at his girlfriend's house out in the country. Richard refused to provide any information about his girlfriend's name or address, stating that it was none of my business. Shannon Moses told me that Aaron was taking the gun to go hunt a rabbit, that he had never eaten rabbit and wanted to shoot one tonight.

Because all three stories about the gun were obviously lies, I took the gun as property to prevent it from being used improperly.

Nothing else was located inside the vehicle. All subjects were released from the scene with the vehicle. Upon closed examination of the license plate lamp, I saw that it did have a working bulb, however, the light output was so low that it did not illuminate the plate sufficiently. I warned Erin for the lamp.

The BB gun was tagged #27607 and placed in the LPD property room.

No further action taken.

NARRATIVE:

On the above date and time, I, Officer J.M. Wilkerson (#332) was driving marked Lafayette Police car 8-137 and was wearing my Lafayette Police uniform. I was parked in the entry/exit for Riehle Plaza facing eastbound towards north 2nd Street and noticed the above vehicle driving northbound on 2nd Street as it passed me. I noticed the vehicle did not have a working license plate light.

I pulled behind the vehicle and followed it eastbound on Ferry Street and then northbound onto North 4th Street. I activated my emergency overhead lights and the vehicle stopped at the intersection of north 4th Street and North Street.

I approached the driver, identified myself, and the reason he had been stopped. The driver identified himself as Richard Roy Bagsby and handed me a laminated copy of his birth certificate. Bagsby told me that he did not have his driver's license with him, but that he did have a valid Indiana driver's license.

Lafayette Police Dispatch advised that Bagsby had an Indiana driver's license status of suspended infraction with an indefinite reinstatement date.

I issued Bagsby a written warning for the license plate light, and the above citation for driving while suspended. Bagsby and his passenger, Larry Boatwright, were released from the scene on foot.

I inventoried the vehicle and tagged it. I completed the state tow form and had the vehicle towed/impounded to/by Jim's Garage.

Lafayette Police Dispatch then advised that Bagsby was wanted on writ. Officer S. Swick (#319) located Bagsby and arrested him on the writ. For further information on the writ, see LPD2007-014299.

I then cleared the call.

On the above date and time I assisted Officer Wilkerson on a traffic stop (case #07-14298). Dispatch advised the driver, Richard R. Bagsby, was possibly wanted on a Tippecanoe County Superior Court 6 writ. Dispatch advised the writ was servable after court hours. Officer Dombkowski confirmed the writ with dispatch and I took Bagsby into custody.

I transported Bagsby to the county jail and remanded him without incident. I read the writ to him at the jail.

assumed he had called Bagsby after leaving her hospital room. Lockard said her ex didn't make the threats over the phone reported by the nursing staff, although, she didn't hear the phone conversation, and was in a different part of the hospital than where the incident took place.

I told Lockard, at this point, no one was in trouble, but I just wanted to make sure her ex had calmed down, and see if he had said those words on the phone out of frustration, in the heat of the moment, or if he was serious about those verbalized threats. Lockard would still not provide me with any information on her ex. I asked her if she felt her child was safe with someone who had made these comments earlier, and she said she had no concerns reference the safety of her child, and didn't want to provide me with any information so I could do a check well being of her child, who she also refused to identify. Lockard said she has been split up from her ex for approximately nine months, and confirmed she has been with Bagsby for five months, but this is the only information she would provide on her ex-boyfriend, and father of her child.

I asked Lockard how her ex ended up at the hospital with her, if she was now with Bagsby. Lockard said she had told her ex earlier in the day she was coming to the hospital for an undisclosed medical problem, but she wouldn't elaborate on how he just happened to pick the exact time she was at the hospital to come up to St Elizabeth, and cause a disturbance.

Lockard was completely uncooperative throughout our conversation, and before clearing, I asked her one last time for the name of her ex, telling her that she was making it into a bigger issue than it needed to be, however, she still refused to provide any information. Lockard repeatedly told me to find out myself, and that she didn't have to give me any information, because she didn't call the police, and didn't want the police questioning her about something she denied happening, although, she wasn't witness to what was reported by the nursing staff.

I then stepped out of her hospital room to find that Bagsby was standing outside her hospital room in the hallway, and hadn't gone to the waiting room as instructed. I asked Bagsby if he had met up with her ex to exchange the child, and he said he did, but wouldn't say where they exchanged the child, nor if there was any type of altercation. Bagsby eventually did tell me the ex's name was either James or Jaime, lived on Earl Av near McDonalds, and he drove a Pontiac Grand Prix style vehicle. Lockard's old RMS address was listed as 627 N Earl Avenue.

It should be noted, Lockard was discharged just as I was getting ready to clear the hospital, and it was my understanding she would be leaving with Bagsby. After getting out to my squad car, I found that Bagsby's driving status is DWS-Prior, however, he and Lockard were already clear of the hospital by this time.

No further actions were taken on this day.

Case # 2008-3840 Supplement

3/25/08 ~11:00pm

On the above date and time, I assisted the Street Crimes Unit and the Drug Task Force with a controlled purchase of crack cocaine in the area of 4th St and Romig St.

Sgt. Payne drove Detective Curwick, Officer Savage, and me to the area in an undercover vehicle. Detective Eager was undercover and going to make the purchase. He arrived at the scene and was met by an older black male at the corner of 4th and Romig. The black male entered Detective Eager's vehicle and they drove to the parking lot of an apartment complex at 425 Romig St.

Sgt. Payne drove our vehicle around to the northeast corner of the apartment building. In between the apartment buildings is a breezeway containing a set of stairs. Detective Goetz advised that Detective Eager was waiting on the dealer to show up and the dealer was going to be about 10 minutes.

As Detective Eager waited, people kept coming out of apartment # 7 in the east building. Three vehicles arrived at the apartment building, one of them being the dealer driving a green Chevy Blazer.

Once the deal was completed, Detective Goetz advised us over the radio. I exited the rear of the undercover vehicle and ran through the breezeway. Officer Savage ran around to the west end of the building. Detective Curwick followed me through the breezeway.

Once I entered the parking lot, I saw the dealer run toward the southwest corner of the lot. I came around Detective Eager's vehicle and observed the older black male and an older black female in the passenger's door. I ordered them to get on the ground. Once they were on the ground, the female began pointing to the green Blazer. There were 2 subjects sitting inside, later identified as Brandon Hill and Monica Walker. Brandon was sitting in the front passenger's seat and Monica was in the rear seat.

I advised other officers on the scene and told the two occupants to exit the car. I handcuffed Brandon and also handcuffed the older black male. Please see the initial report and other supplements for the identities of the older male and older female at the scene.

I then spoke with Brandon. He stated that he knows the dealer as "Will Dolla". He stated that he met him at the "club" and they have hung out. He called "Will" for a ride. He stated that he didn't know what was going on.

I then spoke with Monica. She stated that she only knew the dealer as "Will" and had also met him at the "club". She stated that she had been walking home with a lot of clothes and "Will" had stopped and picked her up to give her a ride home.

& T's towing via a J & T's tow truck.

The dealer was not located in the area.

3/26/08 ~2:00am

Officer Dombkowski and I drove to 702 N 18th St to speak with the registered owner of the vehicle, Richard Bagsby.

At the residence, I knocked on the door. A male, identified as Richard Bagsby, answered the door. I asked if we could come in and speak with him. He stated that we could not, but he would come out and speak with us outside. He returned inside the residence to put a shirt on. Officer Dombkowski advised that he saw a female run from the front of the house to the back of the house.

Richard returned about a minute later and stepped outside. Without me asking him any questions, he stated, "I already know about my brother and my truck." He stated that a friend of his brother's called him and told him that the police had his truck and his brother was in trouble. Richard stated that his brother's name was William Campbell. He pointed to a maroon Oldsmobile with a temporary plate in front of the house. He advised that his brother had dropped off his car, the Oldsmobile, about an hour and a half before we arrived and had taken his Chevy Blazer. Richard stated that he had not talked to his brother, but had tried to call his brother's cell phone.

I cleared the residence with no further action taken.

Lafayette Police Case #2008-004115

April 1, 2008 @ 4:50 AM

I Officer Barthelemy #349 received information from Sgt. Payne #32 of the Street Crimes Unit that William Campbell and Richard Bagsby were dealing crack cocaine out of their residence located at 702 N 18th St. I then contacted Officer Carpenter #333 about assisting me on garbage pick up at the residence to possibly obtain further information. The address was due for scheduled trash removal by the city on the above date.

Upon arriving, we located two large city garbage cans sitting near the curb on Rainey St near the back of the residence. The garbage cans were placed out near the street where cans are typically placed for trash removal away from the residence. Officer Carpenter and I removed three bags from the garbage can on the left and two bags from the can on the right. The bags from each can were kept separated.

I first looked through the garbage bags taken from the can on the right. I located several pieces of mail from the residents at 702 1/2 N 18th St. No illegal items were found. We then looked through the garbage bags taken from the can on the left. In the first bag, we located a Pizza box with the customers name and address printed on a label. The label read "Bagsbe 702 N 18th St". Also in the bag were Chore Boy and a plastic bag with the bottom corners twisted off. I know from my training and experience that Chore Boy is frequently used as a filter in crack cocaine pipes. Plastic bag corners are also used to wrap crack cocaine in. The items were tagged #42266 and placed in locker #37 as evidence.

In the second bag, we located six plastic bags with one of the corners twisted off. We also found one bag with both bottom corners removed and two knots from the plastic bags. A small orange zip lock top bag was also found. I know that the small zip lock bags are also used for the packaging and sale of narcotics and that the twisted knots are also used in the packaging of cocaine. Both garbage bags found in the second trash can were the same type. The items found in the second bag were tagged #42265 and placed in locker #37 as evidence. No further action was taken.

See Officer Carpenter's report for further information.
